

V500e

Drive electric.

Dimensions

Technical Specifications

CHASSIS

Certification	L7e - CU
Rear axle	Independent wheel suspension with coil springs and telescopic dampers
Front axle	Leaf Spring and telescopic damper
Electric power steering	X
Turning radius	4.6 m

BATTERY AND RANGE

Lithium-ion traction battery	X
Cell chemistry	Nickel-cobalt-manganese (NCM)
Battery capacity	16,5 kWh 33 kWh
Range (WMTC) ¹	143 km 295 km
Charging time ²	63 min 126 min
Energy efficiency	135 Wh/km
Energy consumption (WMTC) ¹	13,5 kWh/100km

DIMENSIONS CARGO BOX STANDARD

Length	2162 mm
Width	1399 mm
Height	1217 mm
Payload ³	685 kg 598 kg
Maximum permissible mass	1510 kg
Volume	3.00 m ³

FEATURES

Exterior

- Automatic Rear View Camera
- LED Daytime Running Lights
- LED Headlights
- Headlight Leveling
- LED Indicators (Front)
- Running LED Indicators (Rear)
- LED Taillights
- LED Fog Lamps [Optional]
- Alloy Wheels
- Windshield Wipers (3-step)
- Windshield Washers (2,1 L Tank)
- Central Locking

Interior

- Automatic Interior Light
- 12V Socket (120 W)
- Steering-Column Lock
- Digital Color Tachometer
- 7" Multimedia Touch Display
- Stereo Speakers
- Wireless Apple Car Play
- Wireless Android Auto
- Bluetooth Hands-Free Calling
- Radio
- Passenger Cargo Net
- Overhead Storage
- Two Seats with Integrated Headrest
- Linear Seat Adjustment (165 mm)
- Black Vegan Leather Seats
- Three-Point Seat Belts for Driver and Passenger
- Doors with Sliding Window
- Windshield, Dashboard, and Footwell Vents
- Ventilation (3-step)
- Air Conditioning
- Cabin Heater (2-step, 2kW)
- Recirculating Air Switch
- Sun Visors

¹ World Motorcycle Test Cycle (WMTC, Phase 3), EU Regulation N° 134/2014 | ² From 10 to 80% SoC, with 9,9 kW charging power | ³ Driver Weight and Cargo Option are to be subtracted
